WINEMAKER NOTES

We are excited to make available our **SECOND offering** of a **Brut Rose**. Rose' is considered by many champagne houses to be one of the most difficult wines to make, and often the most limited and costly. Montreaux is one of a handful of producers in the world to make a top quality Brut Rose'.

Domaine Montreaux wines are entirely hand crafted, from the planting of the vines to the labeling of each bottle. This is our guarantee of quality and enjoyment to each of our customers.

Only 89 cases of Brut Rose were produced. This beautiful wine offers aromas of citrus, berries and flowers which are supported by a similar complexity of flavors on the palate.
