

**1991 CORLEY
VINEYARD SELECT
CABERNET SAUVIGNON**

Alcohol:	14.1%
Blend:	83% Cabernet Sauvignon 17% Merlot
Harvest Date:	October, 1991
Vineyards:	Spring Mountain Stag's Leap

After a moderately warm growing season, we began harvest on September 26, 1991. Grapes for this wine were harvest on October 10th. The 1991 Corley Vineyard Select Cabernet is a blend of our well-known Corley Reserve and Jefferson Cuvee Cabernets produced from grapes grown in the Spring Mountain and Stag's Leap areas.

The final cuvee is a deep ruby color and shows flavors of black fruits and cassis. The nose shows aromas of spice, toast and a touch of oak. The finish is full and lingering. As with all Monticello's fine Cabernets, this wine will continue to age for many years.
